## Water Contract Waiver for Divorced or Legally Separated Couples

### Agreement to Assume Contract

To the Madison Suburban Utility District

From \_\_\_\_\_ Husband or Wife  
Original Signing Spouse

and \_\_\_\_\_ Wife or Husband  
Original Non-Signing Spouse

Original Signing Spouse:

I, \_\_\_\_\_, the original signer of the Water Contract do hereby request that my Water Contract, Account No. \_\_\_\_\_, be re-assigned to my ex-spouse or separated spouse. I understand by signing this Agreement to Assume Contract that I am relinquishing the right to have the water turned off and agree not to interfere with my ex-spouse's or separated spouse's right to use water under this Contract. I submit herewith a copy of the Court Order of Divorce or Court Order of Separation.

I understand that I will be responsible for the present balance owed on this account, if any, plus the final billing in my name; and that the meter will be read immediately for the submission of the final bill in my name. I further understand that my name will be removed from the account after the meter reading and that my ex-spouse's or separated spouse's name will be added in lieu thereof. Any deposit I may have is hereby transferred in favor of my ex-spouse and will not be refunded or applied to my final bill.

Original Named in Contract Non-Signing Spouse:

I, \_\_\_\_\_, as the non-signing spouse of the original contract agree to be under said contract obligations of my ex-spouse or separated spouse; and I agree to hold the District harmless for the assignment of this account to me. Further, I agree to pay any amounts already owed on this account and will assume total responsibility for all amounts after \_\_\_\_\_; and I will not refer the District to my ex-spouse or separated spouse for collection of bills rendered on consumption after stated assumption date. I also understand that my name will be put on this account to replace the name of the Original Signing Spouse. I acknowledge that I have signed and have a copy of the District's current Water Contracts and that have read them. I agree to abide by the rules and regulations contained therein.
