

The  
MADISON SUBURBAN UTILITY DISTRICT  
Of Davidson County, Tennessee

November 1, 2023

RE: Fire Line Meter Fine- Installation Non-Compliance Fee

Dear Customer and/or Responsible Party

Madison Suburban Utility District sent a postcard on/about February 12 and April 6, 2023 to inform you of changes being made to the District's Fire Line Metering Policy. In accordance with the District's policy you were given 120 days to be in compliance.

Please notify the District of your compliance and/or timeline for installation to be in compliance with this program, otherwise the monthly "Non-Compliance Fee" will be assessed beginning February 2024 bill. After the allotted time if compliance has not been established the District will take the necessary steps to ensure compliance, to include but not limited to:

-Discontinuance of Fire Line service and notification to the Fire Marshalls office of the situation.

-The Non-compliance monthly fee schedule is as follows:

4" Fire line \$400.00

6" Fire Line \$600.00

8" Fire Line \$800.00

10" Fire Line \$1000.00

Questions and updates to fire line meter installation may be sent to [info@msud.net](mailto:info@msud.net).

Respectfully,

Jim Wade  
Director of Development and Plans  
Madison Suburban Utility District
